

TCM Forklift Parts

TCM Forklift Parts - In the international business of material handling, lift trucks play an important part for transporting industrial goods. First innovated as industrial vehicles in the 1930s in the United States, lift trucks gained popularity following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread worldwide.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the business is simply called TCM Corporation. Throughout the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated expertise and technology, TCM has been proudly making many models of industrial trucks, making their models recognizable all around the world. With an energetic and strong workers, TCM has been able to continually work towards becoming a future leading material handling company.
