Advance-Nilfisk Parts - Imagine how long and tedious it would really be to clean-up right after a party, without help from machines. Previously, the dirt from carpets and upholstery had to be beat out of them by hand; brushes, cleaning cloths and brooms were the leading cleaning products during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in the year 1906, he began to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the start was to own an international company marketing goods globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Their new owners' drive and concentration made Nilfisk-Advance take a huge leap ahead within the business, aiming to be among the biggest international players in the market of professional cleaning machines.
